

Visqueen Megafilm Flame Retardant (FR) Tape

Page 1

nssPlus

- Forms a flame retardant seal
- Part of the Megafilm system

Description

A ribbed flame retardant tape coated with a rubber based clear adhesive system. Matt finish, easy tear and clean removable features. Supplied in 75mm x 33m rolls

Application

Seals overlaps of Visqueen Megafilm floor protection embossed products. Also seals Visqueen Megafilm Flame Retardant Sheeting used as screening material and asbestos protection.

Installation

Ensure surfaces are clean and dry. Overlap adjoining sheet a minimum of 75mm and seal lap with Visqueen Megafilm Flame Retardant tape

For perimeter edging run the tape equidistant over the film and surface. To ensure seal integrity use a roller to press down

Prior to use please ensure tape is tested on surface for suitability

Technical

Dimensions – 75mm x 33m

Storage

Store in a warm – above 5oC – and dry environment.

About Visqueen

Visqueen is the market leader in the manufacture and supply of structural waterproofing and gas protection systems. Visqueen offers the complete package – a proven, reliable range backed by a technical support service that goes unmatched in the market - everything you would expect from a reputable and ethical company.

Complete Range, Complete Solution

- Structural Waterproofing
- Damp Proof Course
- Damp Proof Membranes
- Gas Protection and Gas Venting
- Vapour Control Layers
- Stormwater Protection

Find your local stockist

Search our directory of Visqueen specification [Specialist Centres](#) to locate your nearest Visqueen Partner.

Technical support throughout your project

We are specialists in our field and can help you specify the correct solutions with the necessary performance levels, in accordance with building regulations.

- Nationwide site support team
- Specification advice
- Installation guidance & project sign off
- System design including CAD details

CPD Seminars and Training Academy

Gas Protection CPD

The specification, technical design, and installation of gas protection systems, enabling the sustainable regeneration of brownfield sites.

Structural Waterproofing CPD

The specification, technical design, and installation of structural waterproofing systems for protection against water and damp ingress in both above and below ground projects.

Visqueen Training Academy

We are now able to offer exclusive in depth training opportunities on a wide variety of Visqueen products at our Training Academy.

Visqueen Special Projects

We provide high-level expertise, comprehensive support and experience in all types of waterproofing and gas protection.
